POLICY COMMITTEE OF MINE WORKERS MEETS IN CLEVELAND

Will Formulate Plans for Negotiating Future Wage Scales—Secretary of Indiana Operators Association Says That it is Attempt to Resuscitate Collective Bargaining

(By The Associated Press)
CLEVELAND, O., Oct. 2.—The general policy committee of the United Mine Workers of America and representatives of bituminous operators from many parts of the United States met here today to formulate a plan for negotiating future wage scales and, after organizing, adjourned until 10 o'clock tomorrow morning. Miners and operators said the conference is one of the most representative ever held to deal with unionized soft coal mining. At the joint conference this afternoon T. K. Maher, president of the Maher Collieries company of Cleveland, was elected as temporary chairman, and William Green, secretary of the United Mine Workers temporary secretary. The conference was characterized by Phil H. Penna, of Terre Haute, secretary of the Indiana Coal Operators' association, as an attempt to resuscitate collective bargaining.

SUTHERLAND IS GIVEN OATH AS SUPREME JUSTICE

Justice Taft Administered Oath When Court Convened

(By The Associated Press)
WASHINGTON, Oct. 2.—The supreme court reconvened today after the summer recess for the October term and after inducing into office former Senator George Sutherland of Utah, to fill the vacancy caused by the recent resignation of Associate Justice John H. Clarke, of Ohio and admitting to practice 35 attorneys adjourned to call at the White house for the usual visit of respect to the president. When the court, headed by Chief Justice Taft entered at noon the chamber was crowded while a long line stood in the corridors seeking admission. Justice Sutherland in his robes, remained behind the screen at the rear of the bench, while the chief justice explained that a vacancy had occurred during the recess and that the judicial oath would be administered to the new justice. Stepping to the platform beside the chief justice, Justice Sutherland impressively repeated the obligation, enunciating the clauses after the chief justice distinctly and with emphasis. The chief justice then formally welcomed the newcomer to the bench and he was conducted to his seat at the end to the left of the chief justice where he was again welcomed, this time by Justice McReynolds, who occupies the next seat. Justice Pitney was the only absentee, being confined to a sanatorium near his home in Morristown, N. J. His colleagues upon the bench are apprehensive over his condition which is serious, according to reports reaching them. Members Visit President At the white house the members of the court were ushered into the blue room, where formed in a horse-shoe line they were joined by the president who formally greeted each and engaged in conversation in which several of the court members joined. The court tomorrow will enter upon its task of hearing motions and arguments. The cases set for hearing during the day are those brought by William Knights to challenge the constitutionality of the Massachusetts income tax law and five brought by the consul general of Portugal arising out of bills for repairs to and supplies furnished vessels which he contends should have been settled thru diplomatic negotiations instead of the courts. Counsel for Illinois and the Chicago Drainage district tomorrow will ask the court for leave to file an answer to the application of the state of Wisconsin for an injunction restraining the diversion of water from Lake Michigan into the Chicago river in such quantities as would continue present conditions which Wisconsin contends amounts to interference with navigation.

ISADORA DUNCAN ADMITTED TO THE COUNTRY MONDAY

Will Now be Able to Display Soul Dances for the Public

(By The Associated Press)
NEW YORK, Oct. 2.—Isadora Duncan and her exuberant young poet husband Serge Yessenin, were permitted to land in the United States today after the department of justice had detained them twenty-four hours to learn whether the dancer who arrived from Moscow yesterday was a courier for the Russia soviet government. Isadora was in a bad humor tonight and she didn't reveal much happiness over being allowed by a board of inquiry at Ellis Island to enter the country. "They held me because I am from Moscow," she said. "What did they ask me? Oh! they wanted to know if I was a classical dancer. I told them I didn't know because my dancing is personal. They wanted to know what I looked like when I danced. How did I know? I never saw myself dance."

SEVEN PERSONS KILLED AT GRADE CROSSING

(By The Associated Press)
ST. PAUL, Oct. 2.—Seven persons were killed and one injured, probably fatally, early tonight when their automobile was struck by a passenger train on the Chicago, St. Paul, Minneapolis & Omaha railroad at a street crossing where seldom used by motorists. The dead are: William Espen, 37, Exeland, Wis. Mrs. William Espen, 35, Lloyd Espen, 9, Frances Espen, 10, —Espin, 4 months old, and Mr. and Mrs. R. W. McGee, St. Paul. Marvel Espen, 10, suffered a fractured skull and is not expected to recover. The Espens were driving from Exeland to St. Paul. They had purchased a house here and were on their way there when the accident occurred. A pile of lumber alongside the track is believed to have obscured their view. The car was smashed to bits and its occupants scattered by the train which was brought to a stop 500 feet away. WILL TRY TO DISBAR CHICAGO ATTORNEY Chicago, Oct. 2.—Charges that W. W. O'Brien, widely known criminal attorney tried to buy off two assistant state's attorneys, were contained in a disbarment bill sent to the state supreme court today by the Chicago Bar association. Disbarment proceedings also, it was said, have been started against fifteen other attorneys including John Hugh Lally and William H. Fish.

"Long Jim" Baker Arrives for Games

(By The Associated Press)
NEW YORK, Oct. 2.—A fast freight train stopped in Newark, N. J., at dusk today and from one of its car doors jumped a lengthy, sunburned youth, known down in a far, hot corner of Texas as "Long Jim" Baker, star hurler of a semi-professional team named after a grocer for advertising purposes. Jim came to New York on a tube train and found a cheap hotel. "Who's going to pitch the first game?" he asked. "Joe Bush, for the Yankees and Little Artie Nehf, the left-handed giant," answered an individual whose face was buried in a sportsperson's paper. "Well," drawled Jim, "I been expectin' fer some time that some of these here days I'd be a-pitchin' a world series game myself, so I they're like, 'used to be the crowds of folks and all that stuff. Ain't never see'd one afore.' At about the same time Jim left his freight and for some reason previously during the day fast passenger trains were arriving at their New York terminals bringing crowds of minor and major league players, managers and officials and newspapermen and a fair sized bunch of fans. Among the writers who will report the games for newspapers from other countries are a squad from England, two from Japan, one from France, one from Russia one from Cuba, a couple from Brazil and the Argentine, a half score from Canada and one from Sweden. The latter probably was attracted by the Giants' latest pitching acquisition, one Mr. Cvenegros. Cvenegros however, is not world series eligible. Press reservations have been made by men representing every large city in the United States. It is possible to seat about 40,000 persons in the Polo Grounds where all the games will be played. Each team will alternate in being "the home team" with the Giants enjoying the comforts of the home bench the first day. Babe Ruth notwithstanding the fact that he was kept out of the game for more than a month for being temperamental and antagonistic to the much revered umpires and gave way to Rogers Hornsby of the Cardinals for home run honors is expected to be somewhat of a terror to the Giant hurlers. The big four of the Yankee pitching staff, Bush, Shawkey, Hoyt and Mays are rated by the experts to be much better than McGraw's moundmen, Nehf, Jess and Virgil Barnes, Jack, Scott, McQuillan and Ryan. Bush won 26 games for the Yankees this season and Shawkey and Hoyt won a good majority of their games. Carl Mays, the underhanded flinging star of the 1921 season has had an off year. Jess Barnes, Nehf and Scott have been the best of the Giants, while Ryan has shown excellent form and may get a chance against the Americans. Yet the Giants won their pennant without much trouble while the Yanks finished with only the slim margin of one game.

KEMAL PROPOSALS ARE DISCUSSABLE; NOT ACCEPTABLE

This is Decision at Extraordinary Council Meeting Monday

(By The Associated Press)
CONSTANTINOPLE, Oct. 2.—The Kemal proposals which will be laid formally before the Mudania conference tomorrow are "discussable, but not acceptable." This was the decision of the extraordinary council which met at the British embassy this afternoon. It included the allied high commissioners, ambassadors, generals and admirals. M. Franklin-Bouillon, the French envoy, thru whose efforts with Kemal Pasha the conference was made possible expressed his confident belief to Associated Press correspondent this evening, that an agreement would be reached tomorrow at Mudania. "Kemal will make an even greater effort for peace than he has made for war," he said. Two of the most important questions to be discussed at the conference will be demarcation of a new neutral zone on the Asiatic shores of the Dardanelles and at Izmid, and the evacuation of Thrace. The allies hold the Kemal's demands as outlined by M. Franklin Bouillon are of such a nature that the Ankara assembly would hereafter be in a position to reject the allied note. Kemal Pasha insists on settlement of all military questions before replying to the allied proposals. He and four of the ministers at Smyrna accepted the allied note in principle but the attitude of the Ankara assembly is not known. The allies could have been made with better grace if the allied note had been fully endorsed by his government. Kemal's armistice terms make no reference to a neutral zone or neutrality of the straits, but the opinion of the allied council was that the most important question to be discussed tomorrow would be the establishment of a provisional neutral line at Clanak as suggested by General Harrington's latest note to the Turkish nationalist leader. The Mudania conference is military, not political but the evacuation of Thrace is largely under the latter category and is hardly considered a matter to be decided upon by allied generals alone. It was decided this evening that the armistice conference must take place ashore at Mudania, instead of on one of the allied ships. This decision was reached principally because the allies were unable to agree even on such a minor question as to which should have the honor of acting as host of the conference. Each apparently feared that the holding of the conference aboard another's ships would give that nation a distinct advantage in the session and in the report of that session which would reach the outside world.

ILLINOIS RED MEN MEET TODAY

(By The Associated Press)
SPRINGFIELD, Ill., Oct. 2.—A fight between Decatur and Springfield over the 1923 convention, and election of officers are scheduled for tomorrow when the business sessions of the convention of Improved Order of Redmen opens. Several hundred delegates arrived this afternoon to participate in preliminary meetings. There will be no contests for officers. The only elective position is great junior sagamore and B. S. Cook of Duquoin, candidate for that position, has no opposition. Other positions will be filled by rotation. Henry Ingraham of Clifford will become great sagamore and Edward Johnson of Chicago will be advanced to great senior sagamore. O. L. Whitmer of Springfield will be re-elected great chief of records. Capt. L. A. Tuggle, Jr. of Danville will be advanced to the honorary position of great prophet and Herman Stormer of Springfield will be re-elected great keeper of wampum. Three candidates for the great council of the United States are Dr. James B. Watts, Springfield; Judge A. J. Steidley, Shelbyville, and John Sweet, Marshall. MURRAYVILLE NOW HAS RADIO APPARATUS The first radio apparatus to be installed in Murrayville was that which was placed Monday in the implement store of Warren Wright. Henley Cain of Roodhouse was in charge of the installation. ENTERTAINED AT DINNER Mr. and Mrs. J. I. Mann of near Franklin entertained at dinner Sunday the following guests: Mr. and Mrs. Owen Mann of Waverly, Mr. and Mrs. Andrew Roach and family of Franklin, Mrs. Luther Crawford and son Earl, Miss Hatfield Buchanan of near Franklin.

OFFICIALS ARE CHARGED WITH TAKING LIQUOR

Is Made in Report to District of Columbia Grand Jury

(By The Associated Press)
WASHINGTON, Oct. 2.—Charges that "certain representatives of the department of justice converted to their own use large stocks of liquor seized in the enforcement of prohibition laws were made in a special report filed today by the District of Columbia grand jury. The report asserted that the liquor was removed from the warehouse by the department for storage purposes and was used by the officials involved for their private consumption for distribution to personal friends and as gifts to favored institutions. There was no charge that any of the liquor was disposed of for financial gains. Illegal withdrawals covered in the report were declared to have occurred between July 20 and September 11, 1920. The jury did not name the individuals who were involved. Officials of the department of justice estimated that "several hundred cases of assorted liquors were removed illegally from the department's evidence-cache. The value was placed at upwards of \$100,000 by D. T. Wright counsel for Frank Buch of the interstate owners. Mr. Wright recently filed suit against Frank Burke former chief of the department of justice's bureau of investigation; J. J. Ahern and Henry P. Alden, employees of the department, charging that they had unlawfully removed his client's liquor from custody and converted them to their own use. Suit is now pending in a local court, according to Mr. Wright. Placed Detective on Job. A record of the withdrawal showing the alleged signature of the department of justice officials who vouched for the removal in each case was obtained by a private detective according to Mr. Wright as was also a detailed report on the places and persons to whom delivery was made after the liquor was taken from the local warehouse. According to Mr. Wright, the private detective was placed on the case when repeated efforts to obtain return of the seized liquor in certain closed cases were unsuccessful. The activity of this operative soon became known to high officials of the department, he said, and these lent their active co-operation. The liquor stocks covered in the grand jury report were those taken during the operation of the Reed bond dry amendment which prohibited sale of alcoholic beverages within the district during the early months of the war and during the period when purchases in adjacent territory were still permissible. The department of justice was made the enforcing agency and, while individuals were permitted to bring reasonable quantities into the district for their own use, agents of the department exercised supervision over the stream which immediately began to flow thru the local railroad station and along each of the roads entering Washington. It is a matter of record, according to attorneys who were interested in the legal phases of the situation that few convictions resulted from the seizure of incoming stocks. In many cases, however, the defendants failed to apply for return of their property when a case was settled, and the stocks in storage grew to proportions which, at present day prices, would have represented a large fortune.

RACE RIOT NEAR AT MONTGOMERY

MONTGOMERY, Ala., Oct. 2.—Edward Pearl, negro, was shot in the back and instantly killed. Herbert Miller, white, was shot in the hip, and a score of negroes were beaten on the head and dragged out of street cars during a disturbance here tonight. The outbreak of protest among the white citizens followed the capture of Joe Terrell, negro, charged with slaying George Wilson, game warden, who was shot Saturday night while searching for Joe Glenn, a negro, who was reported to have shot and killed Albert Sansom, policeman, last Thursday night. Mr. Wilson died at a local infirmary this morning, the announcement of his death being closely followed by the gathering of citizens at the county jail. The mob grew to such proportions that three national guard companies were ordered out soon after dark to guard the jail where it was feared an attack would be made in the mob's determination to lynch Terrell who was brought here from Union Springs during the afternoon. Terrell was captured by a farmer 14 miles from Union Springs. The mob at the jail reached a thousand or more and it was necessary to call out the fire department to disperse the crowd.

GOVERNMENT HAS NOT FAILED IN ANY WAY IN NEAR EAST-HUGHES

Secretary of State Makes Reply to the Message of Bishop James Cannon—Says That the Executive Has No Authority to Use Armed Forces to Pacify the Near East

(By The Associated Press)
WASHINGTON, Oct. 2.—Secretary Hughes declared tonight in a cable message to Dr. James Cannon, Jr., bishop of the Methodist Episcopal Church, South, who is in Paris, that the American government in reference to the Near Eastern situation, "has not failed in any way to make the sentiment of the American people understood and to take every appropriate action." "The executive," Mr. Hughes added, "has no authority to go beyond this and there has been no action by congress which would justify this government in an attempt by armed forces to pacify the Near East or to engage in acts of war in order to accomplish the results you desire with respect to the inhabitants of that territory and to determine the problems which have vexed Europe for generations." The message was in reply to one from Bishop Cannon dated of September 30, in which he declared his personal belief that "Christian America will insist the government of the United States co-operate to protect Christians in Asia Minor not only diplomatically, but if necessary with army and navy to secure their result." "Prompt definite American demands," Bishop Cannon continued, "supported if necessary by American naval units present would probably have prevented, certainly greatly minimized Smyrna fires and massacres. I believe Almighty God will hold the government responsible for inaction while thousands were murdered and deported, and for failure to protect them against defiant heartless brutal Kemalists not removed by today (Saturday) be deported which deportation means thousands more added to dead of previous Turkish deportations. Will not our government realize its opportunity and responsibility as a great Christian nation politically disinterested to determine that burnings, outrages massacres cease and thus effectively prevent probably repetition in Constantinople and Thrace of 1915, Samson and Smyrna horrors? I believe world wide humanity would tremendously approve. Who would type condemn prohibition of such horrors. Judge, five twenty three." In his reply, Secretary Hughes said: "In the present situation which has resulted from the clash of arms, the defeat of the Greek forces, the incidents of the retreat, and the reprisals effected not only have we done all that is possible for relief and in aid of the refugees but we have exerted in an appropriate manner our influence against all acts of cruelty and oppression. "On September 8, before the burning of Smyrna, the American high commissioner at Constantinople voiced this country's feeling in earnestly impressing upon the Turkish nationalist authorities the importance of taking the most energetic steps to insure the population of the occupied territories against all reprisals. Instructions have been sent to continue and to emphasize the importance of immediate peaceful settlement in the interest of humanity. "I have stated this government's unequivocal approval of the allied proposals to insure effectively the protection of the Christian minorities and the freedom of the straits. American officials have intervened to secure the prolongation of the time limit for the evacuation of the refugees from Smyrna and thousands have been evacuated as the result of American initiative. "Keenly alive to every humanitarian interest involved this government has not failed in any way to make the sentiment of the American people understood and to take every appropriate action. It is hardly necessary to add that we have taken proper measures for the protection of American interests. "As you probably are aware, the executive has no authority to go beyond this and there has been no action by congress which would justify this government in an attempt by armed forces to pacify the near east or to engage in acts of war in order to accomplish the results you desire with respect to the inhabitants of that territory and to determine the problems which have vexed Europe for generations."

RAILROADS WEST OF MISSISSIPPI WILLING TO SIGN

Agree to Same Wage Scale for Trainmen and Conductors

(By The Associated Press)
CHICAGO, Oct. 2.—Approximately 45 roads west of the Mississippi river embracing all the principal carriers in this section, tonight were reported ready to sign an agreement with the Brotherhood of Railway Trainmen and the Order of Railroad Conductors continuing the present rates of pay and rules with some slight changes for another year. Negotiations began this morning between committee of executives headed by W. M. Jeffers, general manager of the Union Pacific and W. G. Lee, head of the trainmen, and L. E. Sheppard, leaders of the conductors. Mr. Lee said the discussion today was friendly and all indications pointed to the fact that the negotiations would be formally reached tomorrow. At present members of the trainmen's and conductors' organizations receive time and one-half pay for overtime after the eighth hour. The roads have attempted to do away with this punitive overtime and have carried this dispute with wage disagreements to the labor board. The two organizations also have sought aid from the board in disputes on these points. Any agreements reached Mr. Lee said will provide for withdrawal of all such cases. Mr. Jeffers while refusing to discuss the meeting for publication intimated that the propositions were mutually agreed to and that new contracts were assured. The meeting today was only a resumption of wage and rules negotiations begun last February interrupted by the convention of the two organizations and finally shelved temporarily just previous to the shop crafts strike. Altho similar negotiations with eastern roads were terminated because of inability to get together on the overtime rule, conferences with the western roads were never broken off. Mr. Lee said that he and Mr. Sheppard will confer with representatives of southwestern roads in Washington next Thursday on wage and rule agreement. RETURNS TO CITY C. L. A THOUGHT

A merry heart doeth good like a medicine; but a broken spirit drieth the bones. — Proverbs 17:22.

Wondrous is the strength of cheerfulness, altogether past calculation its powers of endurance. — Thomas Carlyle.

The unspeakable Turk is doing a great deal of talking these days.

Dr. C. C. Cross has discovered a new disease known as the "automobile feet." The doctor also says there is the "Limousine feet." There is not much danger of newspaper men becoming afflicted with either of them.

Sunday night burglars blew the safe of the Quincy Whig-Journal and secured \$450 in cash and \$150 in liberty bonds. The robbery occurred within one block of the police station which shows Quincy policemen are sound sleepers.

BOIL THE DRINKING WATER

Due to the long drought, which probably has no equal in the history of the city, many wells in the city are reported dry or the water very low. It is at such times that

there is great danger of typhoid fever epidemic. It would be wise for all families using well water to boil it in order to avoid this disease.

THE PASSING OF ADLERMAN FLYNN.

The death of Alderman Thomas Flynn removes one of Jacksonville's valuable citizens. Mr. Flynn's entire life was spent in this city and he lived it in such a manner that he held the universal esteem of all citizens. As a long time employee of the Celcago & Alton railroad he won the confidence of his employers by his faithfulness to duty. During his terms as an alderman from the first ward in the city council Mr. Flynn also revealed sincerity of purpose that was most commendable and his efforts were always directed to those things that were for the good of the city as a whole.

BORAH AND THE SOVIET GOVERNMENT.

Senator Borah is making a tour of the country urging the release of all wartime war violators and recognition of the Russian Soviet government. While there are many who will agree with Senator Borah on release of most of the war time violators, he will find that in recognition of the Soviet government most of the real American citizens will coincide with the ultimatum of Sec. of State Hughes relative to recognition given at some time ago. Any government that refuses to recognize the rights of private property and requires an army of several million men to keep it in power is not worthy of recognition by the United States or any other country.

THE GREAT NATIONAL GAME.

The New York Giants and New York Yankees will play the first game of the series at the polo grounds in New York City tomorrow afternoon for the world's championship. The same teams played last year and locally there will not be as much interest in the series as there would have

BERTON BRALEY'S DAILY POEM

Possibilities

BY BERTON BRALEY

If a lap-dog were big as a pachyderm,
And an elephant as small as a dog,
'Twould be unusual, I affirm,
And we would be all agog.
But after a little while, I'll bet
The matter would cease to irk us,
We'd keep the elephant as a pet,
And send the dog to the circus.

If a horse should shrink to the size of a mouse,
And a mouse grow large as a horse,
There wouldn't be room for the mice in the house
(You follow my thought, of course),
So would the mice to the sulky plow—
They'd take it to, by degrees—
And day by day we'd worry how
To keep the horse from the cheese.

If a flea should grow to the size of a man,
And a man grow small as a flea,
Why, life would be on a different plan
From what it used to be;
For the man would hop and the man would bite,
And the flea would have to chase him,
Swatting the air with all its might,
Endeavoring to efface him!

SHOULD any such things as these occur
We certainly would deplore them,
But if they happened, I must aver
We ought to be ready for them!

HOW TO FLY.

N. A. E.

The Germans seem to have started something with their air-glider contests, in which one flier remained in the air three hours in an airplane without a motor.

A gliding craze now is sweeping England, progressive London papers offering big prizes. And it's a safe bet that the gliding craze will invade America and furnish thrills for the cautious who prefer to stay on the ground and "let George do it" in the air.

A glider is a machine that travels on "air waves" about the same as a sailboat travels on water. It has a rudder for steering, also "controls surfaces" which the pilot tilts to make the craft rise or descend and to balance the glider if it gets lopsided and starts to tilt.

First you have to master "aerial balance," same as you learn to balance on a bicycle. All depends on the pilot's skill. He has to learn to use his artificial wings and a young bird learns to fly.

You sit in the car, preferably on a hillside. Helpers grasp a long rope, attached to the glider, and run with it until the wind catches under the wings and you "take off" like a kite.

Then you fall.

A motorless glider, of the type used by Herr Hentzen, German gliding champion, moves forward 16 feet for each foot it descends after taking off from a hillside, provided there are no up-gusts of wind to help move the craft upward and forward.

The Germans started their gliding by long and patient watching of hawks, gulls and swallows in flight. Air experts and mathematicians thus figured out the curves and tricks used by soaring birds.

Chief obstacle to gliding by man is that the pilot is apt at any time to strike a new air current or hole. German observers discovered that birds "instinctively" new air currents with their heads. So the Germans are trying to develop a similar "air sense." They are helped by a secret chemical skin-coating which makes their faces sensitive to the least touch of wind.

As you probably suspect, the German general staff began quietly to investigate gliding as far back as 1915. This was learned recently by French spies. The peace treaty forbids Germany making high-power airplanes. So she turns to planes without motors.

CHURCH ORGANIZATIONS

Mrs. Andre Speaks Before Women of Trinity.
Mrs. H. M. Andre spoke yesterday afternoon at the meeting of the Women's Auxiliary of Trinity church telling of the Triennial Missionary Meeting which she attended recently in Portland, Ore. The meeting was held at the rectory with Mrs. J. F. Langton as hostess and was the first gathering of the fall.

The meeting opened with a devotional service and the remainder of the program was given over to Mrs. Andre's interesting report. The Triennial Missionary meeting was held in connection with the General Convention of the Episcopal church and was attended by women from all over the United States. Mrs. Andre spoke of the work accomplished by the women at the sessions and also told of the sessions of the General Convention. She told especially of the speeches of the Bishops of the church from Alaska, China and other parts of the world and of the interesting and inspirational messages which they brought to the convention.

Following the talk of Mrs. Andre the meeting adjourned to an informal social hour and the hostess served attractive afternoon tea.

Missionary Society Of Centenary Meets

The Mary Melton Division of the Woman's Foreign Missionary society of Centenary church met last evening at the home of the pastor, Rev. C. D. Robertson. The hostesses for the evening were Mrs. Robertson, Miss Grace Rapp and Miss Mittie Godfrey. This was the first meeting of the fall and during the business session plans were discussed for the activities of the society during the coming year.

Miss Gertrude Atkins led the devotional services and this was followed by a miscellaneous program. Miss Clara Ranson gave a group of vocal solos and Miss Grace Rapp gave a reading which was much enjoyed. The mission-ary questions and answers were arranged in such a way that the society members had to hunt for the answers to the questions, written on slips of paper and concealed at different places.

The excellent refreshments which were served at the close of the evening were prepared and passed in a very unique way. The hostesses had put the refreshments in little paper bags tied with strings. Each guest had to cut the string of her bag and a surprise in the form of something good to eat awaited her in the bag.

Grace Missionary Society At Meet Today.

The Woman's Foreign Missionary Society of Grace M. E. church will meet this afternoon in the church parlors. The meeting will begin with the devotional services and this will be followed by a short musical program. The most interesting part of the meeting, and one looked forward to by all members of the society will be the talk by Miss Mary Wadsworth who has recently returned from abroad. Miss Wadsworth will tell of her experiences in different countries of Europe and of her work with the Methodist Foundation at Chateau Thierry.

The hostesses for the afternoon will be Mrs. H. L. Griswold, Mrs. Herbert Capps, Mrs. Stella Mahon, Miss Ida Lee, Miss Gines and Mrs. A. G. Cody. Following the program a social hour will be enjoyed and the hostess will serve refreshments.

WOODSON CHURCH HELD RALLY DAY

Unity Presbyterian church of Woodson held a very successful Harvest Home and Rally Day Sunday last. The bouquets of flowers to the youngest and oldest present in Sunday school went to 6 months old Harold Howard Wilkey and Miss Margaret Rannels for the oldest present. The morning service was very fine, every one seemed delighted with the splendid Harvest Display. Two quartettes by Mrs. Charles Irlam, Mrs. W. C. Russel, Mr. George Cunningham and William Colton were greatly enjoyed. Mrs. Steinmetz class of fine girls, Mary Kathryn Sturdy, Mildred Butler, Margaret Cunningham, Twyla Butler, Margaret Cunningham, Twyla Butler, Phyllis Steinmetz, Helen Sturdy, gave an excellent missionary exercise, "In the Year 2022." Clara Lynette Colton gave a nice lullaby song much to the delight of the audience. Mrs. W. G. Russel read the History of the Unity Presbyterian since its organization. It was presented in such a way that all present gave expression of their appreciation by rising and voicing their thanks for Mrs. Russel's faithful work in gathering the record from various sources. The pastor read a letter of congratulation to be sent by the congregation to Rev. Geo. W. White, Boyne City, Mich., who has recently been elected Moderator of the Michigan Synod, Mr. White having been raised in Woodson and ordained there. The orchestra: Chester Colton, Albert Hoagland, George Cunningham, Fred Quimby, Uriel, Mrs. J. C. Colton at the piano.

A number of Unity's old members and friends were present and the occasion was one to be long remembered with pleasure. The evening stereopticon lecture was also much enjoyed. The Bible land of Syria was the subject. Next Sunday the lecture will be upon Persia. The tables were donated by Passavant Hospital.

In the estate of J. F. Winner, petition to sell personal property at private sale was allowed.

INDEES TAKE GAME FROM DOKAYS SUNDAY

Won Second Game of the Series By Score of 4 to 1—Game Was Another Battle Between Hartman and Fryman.

The Indies defeated the Dokays in the second game of the series for the city championship at South Side park Saturday afternoon, the final score being 4 to 1.

The game was another pitcher's battle between Fryman and Hartman with the former again having the best of the argument. Both were hit harder than in the previous game. Fryman yielded six hits but kept them well scattered. Hartman was touched for ten safeties, four of them for extra bases. The Indies bunched them in the first, third and eighth for runs.

Some excellent fielding was done by Denney, DeFrates, Kohloff and Wheeler for the Indies and Dunham, Jones and Haney for the Dokays. Clark and Ford gave their pitchers great support.

Wheeler lead in the hitting for the Indies getting three safeties and a sacrifice in four times up. Kohloff got a triple in the first scoring Denney.

The Indies made two runs in the first on Denney's single, Wheeler sacrifice, Kohloff's triple and a fielder's choice. Wheeler's double and Clark's single scored one in the third. Christopher's single, Shelton's error and two fielder's choices added the last one in the eighth.

The Dokay's lone run was made in the second. Haney was safe when Fryman muffed his fly, took second when Clark threw the ball over Wheeler's head trying to catch him napping at first, stole third and came home when Fryman let the ball roll by him in the center of the diamond. The score:

HAWTHORNE TRACK LOOKS LIKE OLD TIMES

CHICAGO, Oct. 2.—Hawthorne's second day of betless racing today found the old, weather beaten track jammed with "booties," "touts," "regulars" and other figures in sporting life who were anxious to wager their money on the outcome of the races.

As in bygone years, groups of individuals gathered underneath the stands but no money changed hands so far as could be ascertained by representatives of the state's attorney's office who were present at the track.

Any betting was oral and it was hard to obtain evidence. Officials of the Illinois Jockey Club expressed pleasure at the size of the crowd which was given out as 7,000 as against 25,000 admissions Saturday.

It was said that a continuation of this patronage would assure the return of horse racing. Meanwhile the state's attorney announced that evidence gathered against six alleged book makers arrested at the track on Saturday would be presented to the grand jury.

ALDERMAN T. H. FLYNN IS CALLED BY DEATH

Member of City Council Passed Away Sunday Morning After Very Brief Illness—Funeral Services to Be Held Wednesday Morning.

The death of Alderman Thomas H. Flynn occurred at 9 o'clock Sunday morning at Our Saviour's hospital, where he had been a patient for only a few days. Death was due to an attack of acute ap-

pendicitis, from which Mr. Flynn had been suffering since Tuesday evening. An operation was performed Wednesday night, but Mr. Flynn's condition gradually grew more serious until death came as noted above.

The deceased was born in this city December 27, 1855, and had spent his entire life in this city. He was a son of Mr. and Mrs. Patrick Flynn, well known early residents of the city. He attended the public schools and on September 27, 1888 was united in marriage to Miss Catherine Danaher.

Surviving are the widow and one son and two daughters, James Flynn of this city; Mrs. Frank Spedel of Denver, Colo., and Miss Ann Flynn living at home.

Mr. Flynn was a member of the Church of Our Savior and also of the Knights of Columbus organization.

For a number of years Mr. Flynn had been active in public life and at the time of his death was serving his third term as an alderman from the First Ward. He was serving as chairman of the sewer committee and as a member of the police and health committees. For a number of years Mr. Flynn had been section foreman of the Chicago & Alton railroad at this point.

Mr. Flynn was one of the most active members of the city council and seldom missed a session. His death is a source of great regret to his fellow councilmen, with whom his relations had been most cordial.

The funeral services will be held Wednesday morning from the Church of Our Savior. Members of the city council will probably attend in a body.

SOUNDS DEMOCRATIC KEYNOTE IN INDIANA

(By The Associated Press)

M. Ralston, Democratic nominee for United States senator from Indiana, delivering the keynote address of his campaign here tonight expressed his resolve in the event of election to work actively for curtailment of government expenditures declaring he considered the rights of society superior to those of capital and labor. He also announced that in support of his view that America must make her contribution for universal peace he would co-operate with President Harding in making his four power pact function.

Mr. Ralston said he is "convinced that a new day has come upon the world and that it has imposed new obligations upon nation to help keep the peace of the world."

Are Impulses to Love and Slay the Same? Creasy Jury Must Decide

By Alexander Herman

MINEOLA, N. Y.—Is Oscar Wilde's famous "Ballad of Reading Goal" to find its counterpart in the tragic life story of young and good-looking William Creasy, now on trial for the slaying of his fiancée, Miss Edythe E. Lavozy, the pretty 22-year-old school teacher?

Here is the Nassau county courtroom which once echoed with the testimony of the famous Carntin and De Sales trials sits the man around whom the district attorney is trying to weave a mesh of testimony, based on this psychology which Wilde observed during his prison days:

"Yet each man kills the thing he loves,
By each let this be heard,
Some do it with a bitter look,
Some with a flattering word,
The coward does it with a kiss,
The brave man with a sword."

"He killed because he loved," says the district attorney.

"He couldn't kill because he loved," says the counsel for the defense.

The jury will decide and on the decision hangs the life of the prisoner.

Creasy met Miss Lavozy while he was in the navy. She had just come down from Tupper Lake, N. Y., to teach school in Long Island. "Friendship," says Henry A. Uterhart, Creasy's lawyer, "ripened into love. Their engagement was soon announced."

Difference Appears
The young sailor went north to meet his bride's family.

On his discharge, he returned to his home at Covington, Ky., and went back to work as a mechanic in a car and foundry shop.

Miss Lavozy went on teaching in a Freeport school.

They wrote to each other regularly. Her letters were frequent, neatly written and chocky worded. His letters were just as warm, but the handwriting was poor and the grammar bad.

"Creasy began to realize," his lawyer goes on, "that Miss Lavozy was above him culturally. He was just a mechanic without much schooling; she was a highly educated woman."

"So he tried to catch up. He took courses in a business school. But he found that the going was too hard."

Engagement Broken
Slow thinking, but decided,

MISS EDYTHE LAVOZY (ABOVE), WILLIAM CREASY (BELOW) MISS EVA LAVOZY, THE DEAD GIRL'S SISTER AND STAR WITNESS.

Creasy finally made up his mind. "I couldn't make Edythe happy," he told his lawyer. "It was all right while I was in the navy, but now that I was just a mechanic, I felt that I was out of her class. She liked things that I couldn't give her—living in New York, going to big affairs, Yale-Harvard football games and the like."

So last spring the engagement was broken.

But their letters continued. They still loved each other.

"When there were rumors of a railway workers' strike," Uterhart explains, "Creasy decided to give up his job and go to Canada. On the way he stopped in to see Miss Lavozy. He wanted to return to her some presents that she had sent him."

They were alone in the girl's room in her boarding house when the tragedy occurred.

A shot from Creasy's 32-calibre

pistol—and the school teacher was dead.

Creasy says it was suicide. While he was napping on a couch, he says, the girl went to his pocket, took his revolver, and shot herself in the right temple.

Why?

"She was despondent over her broken affair with Creasy," says his lawyer. "She loved him too well."

But the district attorney says it was murder and Miss Eva Lavozy, the dead girl's sister, agrees with him. She has come down from her home in Utica, N. Y., to be the star witness against him.

UNIQUE FEATURE AT FOX FAMILY REUNION

Services at M. P. Church at Chapin Sunday Morning Conducted By Members of Family Holding Reunion—Other Chapin News.

Chapin, Oct. 2.—The 11 o'clock service at the M. P. church Sunday morning was in charge of the Fox family who are holding a reunion at the George Fox home. Rev. Ezra Fox filled the pulpit. The choir was composed of different members of the family with Miss Isabelle Fox at the organ. Many old time friends of the family were out to enjoy the service.

Rev. Ezra Fox, D. D. who is nearing his seventy-fifth year, is one of the oldest members of the North Illinois conference of the M. P. church, serving as president for many years, also serving on many important boards and commissions and representing the church in Eastern conference, pertaining to church union. While Rev. Fox's discourse Sunday morning was somewhat reminiscent, dwelling on the past in church and state activities, his mind is keenly alert to the great questions that confront the nation and the part the church must play in the great reconstruction period.

Walter Fox arrived Monday from New York City. Part of the guests assembled for the Fox reunion returned to their homes Monday, but a number are still here and will remain for a longer visit.

Mrs. S. A. Quigg and daughters of near Virginia were guests Saturday night and Sunday of Mr. and Mrs. Ray Brockhouse.

Mrs. Frank Vincent of Springfield visited Friday and Saturday with her mother, Mrs. Mary Anderson.

Mr. and Mrs. Ray Pond came down from Peoria and spent the week and with Mr. and Mrs. H. C. Bridgeman.

Mrs. Elsie Moody Adams returned to her home Monday after

several days spent in Camp Point called there by the illness of her father-in-law.

Miss Kennedy spent Sunday in Waverly with her parents.

Miss Elsa Ann Butcher came over from the Illinois College and spent Sunday with her aunt, Mrs. H. K. Onken.

Mr. and Mrs. Andrew Allen visited relatives in Winchester Sunday afternoon.

Mrs. Weeks of the grade school and her son, Clifton, spent the week-end in Arden.

Mrs. Ellen Coultas took charge of the primary department in the grade school Monday. Miss Felson of Concord substituted for her during the month of September.

BIRTHDAY SURPRISE AT MURRAYVILLE HOME

Mrs. Henry Whitlock entertained a number of relatives and friends Sunday at her home southeast of Murrayville, the event being in honor of the seventy-fourth birthday of her mother, Mrs. W. P. Hart. The affair was a complete surprise to Mrs. Hart, as she was kept entirely in the dark as to the plans. However, she enjoyed the day fully as much as did any of the others present.

The guests came during the morning with well filled baskets and at noon a sumptuous dinner was served. The afternoon was

spent socially and when the guests departed in the late afternoon it was with the hope that they may all gather together on similar occasions in the future.

The guests were Thomas M. Neely and family, Earl Seymour and family, Justus Hart and family of Franklin; Edward McNeel and family, Gilbert McQueen and family of Woodson, James Mas and wife, Edgar Chondoin and family.

CHAPIN CLUB DELEGATES

TROUBLE ARISES OVER LINCOLN FILM

(By The Associated Press)

SPRINGFIELD, Ill., Oct. 2.—Objections by citizens of Petersburg to filming scenes in the partially restored village of Old Salem, Lincoln's old home, may cause cancellation of plans for a Lincoln movie, it was announced here today.

The objections are based on the ground that Petersburg residents subscribed money for restoring the village with the understanding that a picture dealing only with the romance of Lincoln and Ann Rutledge would be produced. They contend this picture would lay more stress on Old Salem and Petersburg than the one proposed.

Unless possible to make the picture of Lincoln's life on the scenes actually associated with the emancipator, the producers announce they will abandon the project.

**WILL GIVE DECISION
IN WAGE SCALE CASE**

(By The Associated Press)

CHICAGO, Oct. 2.—A decision on the plea of more than 400,000 maintenance of way employees for increased rates of pay recently argued before the United States railroad labor board by E. F. Groble, president of the organization is expected tomorrow. This announcement was made at the labor board late today after members had worked all day on the case. No statements were made on what the decision might be but it was generally understood that the majority of the board favors increasing the present minimums of pay ranging for 23 to 35 cents an hour.

Grable's organization is in convention at Detroit and is reported to be anxiously awaiting the board's decision.

Miss Wadsworth Honor Guest At Coming Reception.
Invitations have been issued by Mrs. E. E. Crabtree and Mrs. A. B. Applebee, to a reception to be given Thursday, October 12, in honor of Miss Wadsworth. The affair will be given at the home of Mrs. Crabtree on West State street and will be an afternoon reception, the hours being from 3 until 6 o'clock.

Clover Leaf Club Will Picnic.
The members of the Cloverleaf club are planning a picnic for this evening. This is one of the many outings which the club has during the fall. The girls are planning to go out to Dunlap Springs after work and a fine supper, including steak and other good things will be cooked out in the open. There are about fifty girls in the club and probably most of them will be included in the party.

Young People of Grace Enjoy Weiner Roast.
The young people of Mr. Lent's Sunday school class at Grace M. E. church had a gay outing last evening when they went on a weiner roast. There are about thirty young women in the class and they gathered at the church about 5:30 o'clock and drove out to Gravel Springs in autos. A fine supper was cooked over big bonfires and after supper every one had a fine time with games and stories told around the camp fire.

Picnic at Dunlap Springs.
A party of Jacksonville people enjoyed a picnic and outing at Dunlap Springs last evening. They motored out to the springs and cooked supper and after spending a short time there returned to the city and spent the evening in dancing. The members of the party included Mr. and Mrs. Lee Davis, Mr. and Mrs. Ernest Stout, Mr. and Mrs. McNeely and Mr. and Mrs. Ivan Smith.

Mrs. Bassett Hostess To Monday Club.
Mrs. E. W. Bassett entertained the members of the Monday Conversation club yesterday afternoon at her home, 331 West College avenue. This was the first meeting of the year and there was a large attendance. Mrs. F. H. Rowe was the program leader of the day and led a very interesting discussion on the topic "Our Island Possessions." She was assisted in the discussion by Miss Ruby Neville, Mrs. W. A. Fay, Miss Mary Anderson, Mrs. H. L.

Illinois College Y. M. C. A. Held Meeting Yesterday.
The Y. M. C. A. of Illinois college met Monday afternoon in the association rooms at Jones Memorial. The meeting was in charge of the girls who attended the college Y. W. conference at Lake Geneva, Wis., this summer. They told of the inspiration derived from the conference, what the experience had meant to them and what they were hoping might be accomplished at the college Y. W. this year. The girls who gave talks yesterday were Misses Eunice Williamson, Alice Carter, Nellie Swain, and Glenna Smith. These young ladies represented Illinois college at Lake Geneva this summer.

Opportunity Circle Met Last Evening.
The Opportunity Circle of Grace M. E. church met last evening at the church parlors for the regular monthly session. The members enjoyed a delicious picnic served at six thirty o'clock. Mrs. George Baxter and Mrs. Anos Swain were the hostesses for the affair.

Following the serving of the supper the regular monthly business session was held and Mrs. W. B. Rogers, president of the circle was in charge. Mrs. Homer Potter had charge of the arrangements for the program and the entertainment carried out the "allowance" idea. The decorations and the clever games and stunts which had been planned were in keeping with this popular October day. Miss Dorothy Bernice Graham sang a solo, "The Sweetest Story Ever Told," and Beaumont Potter played a number of violin selections.

College Hill Club In First Meeting.
The College Hill club met Monday afternoon at the home of Mrs. H. V. Havenhill on West State street. This was the first meeting of the fall and it proved a most delightful gathering. A large number of the members were present and the new program was mapped out for this year was begun. "Topics of the Hour," is the general subject for the year's work and Mrs. Finley Brown had the paper for yesterday. She took as her subject, "Muscle Shoals," and gave a very comprehensive and interesting report of this much talked of project. Following the paper the hostess served attractive refreshments and a pleasant social hour was enjoyed.

Annual All-College at U. W. C. Monday.
The annual all-college picnic at Illinois Woman's College was held Monday at Nichols Park. The picnic is given by the college for all the students and members of the faculty and is one of the important social events of the fall at the school. At yesterday's affair all the Methodist ministers of the city were special guests of the college.

The picnic was held at noon and the guests hiked or motored out to the park about eleven o'clock. At twelve an excellent picnic dinner was served under the direction of Miss Winnie Wackerle the college matron. After dinner the hours were very delightfully spent with stunts and games, and some of the guests availed themselves of the use of the tennis courts and the golf course. Mrs. J. R. Harker had charge of the picnic and the inviting of the guests. There were about 350 people present at the picnic.

Picnic Dinner at Nichols Park Sunday.
Mr. and Mrs. G. W. Foster entertained a number of friends Sunday at a picnic at Nichols park. The affair was particularly in honor of Mrs. Foster, who has recently recovered from an extended period of illness. The dinner which was served at noon was a bountiful one and very much enjoyed by all those present. The afternoon was spent in a pleasant social way.

Among those present were Mrs. Katherine Wild of Alexander, William Danby, Mr. and Mrs. David Brown and family; Mrs. John Vasey, all of Lynnville; Mrs. Daggett of Chicago, Mrs. Thomas Bush and daughter Marie; Mr. and Mrs. Thomas Brennan and family; Mr. and Mrs. George Clayton and family of Murrayville; Mr. and Mrs. C. E. Butler and family; Mr. and Mrs. W. R. Butler and family of Woodson.

Fourth Ward Parent-Teacher Assn. to Meet.
The Parent-Teacher association of the fourth ward will hold the first meeting of the school year at 3:30 o'clock this afternoon at the Washington school. The mothers of the first grade pupils will be the hostesses of the afternoon. Dr. R. V. Brokaw, county health officer, will give an address dealing particularly with problems of the use of milk in the schools. Mrs. Hackett Wilder will give a group of songs.

Mrs. L. V. Baldwin is the president of the association this year and the following committees have been named to serve for the coming year:

Program, Mrs. Ralph Hutchison, chairman; Mrs. Hackett Wilder, Mrs. Ray Hartman.

ASPHALT PLANT WILL BEGIN WORK TODAY

Everything Now In Readiness for Making of Asphalt for New City Pavements—Chemists to Arrive Tomorrow.

The materials needed for the asphalt work on the new city pavements have now arrived and the asphalt plant will begin operation today, according to announcement made yesterday by the Standard Paving Co., the firm having the local contracts.

The work of laying the asphalt will be done under the supervision of chemists who have been engaged to test every foot of pavement laid. These chemists are to arrive tomorrow and will at once begin their inspection work.

The work done by a paving chemist is clearly outlined in the following paragraphs taken from a statement by a testing laboratory with reference to bituminous pavements:

Durable pavements are secured only when the best materials are prepared in the most scientific manner and are laid strictly in accordance with the best practice.

The best pavement can be obtained by inspection service, the different steps of which may be outlined as follows:

Samples of all materials proposed for use must be submitted by the contractor to the engineer thirty days before the work begins. If these materials are acceptable, the proportions in which they should be mixed are then determined, after a careful study of the climate and traffic conditions.

A paving chemist, with a portable laboratory, should be stationed at the mixing plant prior to the start of the work.

His duties are to control the grading of the aggregate and the consistency of the asphaltic cement (A. C.). He must see that the correct temperatures are maintained and he regulates the mixing operations.

He must sample and examine each shipment of bituminous material. He must make daily analyses of the mixture as laid.

To avoid improper handling of the materials, it is necessary to station a competent inspector on the street or road.

He must take the temperature of each load of material that is delivered and he must see that such material is properly raked and rolled.

He gives to the chemist, at the field laboratory, a sample of material from each load delivered.

The inspector on the street or road and the chemist at the field laboratory must co-operate to secure the best results.

MILDRED HARRIS FILES BANKRUPTCY PETITION

(By The Associated Press)
LOS ANGELES, Cal., Oct. 2.—Mildred Harris, motion picture actress and former wife of Charlie Chaplin, filed a petition in bankruptcy here today in which liabilities were listed at \$30,000 and assets \$1,500, which the petition declared was the value of her wearing apparel and claimed as exempt.

Two long illnesses and lack of employment for many months brought on her present financial condition according to word received here from Miss Harris. She asserted that settling with her lawyers she had but \$6,500 left of the money which Chaplin gave her.

GRACE CHURCH DOINGS

Promotion exercises of the Sunday school were observed with an appropriate program at the morning church service. The children repeated scripture verses and sang to the delight of a large and interested audience. Fifteen children were promoted from the Beginners department, sixteen from the Primary, and nineteen from the Junior.

It was Centenary Day in the Sunday school and special missionary program was observed. Miss Edna Osborne gave a very interesting account of the work in Bennington Seminary, a mission school located in the State of Mississippi. Homer Wood delighted the school with a pleasing vocal number. The orchestra is growing in numbers and popularity. The Centenary offering amounted to \$37.11 and the attendance 388.

Epworth League met at 6:30 with over one hundred young people present. Miss Ruby Mann was the leader.

At 7:30 Mrs. Cady of Evanston, Illinois, a woman who has spent a great many years in China as a missionary, gave a most interesting account of actual conditions in the Republic of China. The address was different from the ordinary missionary address.

Monday evening the Opportunity class will picnic together at the church at 6:15.

The Woman's Foreign Missionary society will meet Tuesday afternoon at 3 o'clock at the church with Miss Mary Wadsworth making the address.

FIRST BAPTIST CHURCH NOW FREE FROM DEBT

Local Church Organization in Week's Campaign Raises Money to Pay Long Standing Debt.

Announcement was made at the Sunday morning service at First Baptist church that a long standing debt of something over \$1,000 had been raised and that the church is now free from debt. This desirable state of affairs is the result of a week's drive for funds, which the finance committee of the church recently concluded.

Much of the credit for the excellent showing made is due to the work of G. W. Gard, chairman of the finance committee; Charles H. Story, treasurer of the church, and L. B. Turner, financial secretary. However, the goal could not have been reached had it not been for the loyal co-operation of the entire membership.

At the request of the pastor, Rev. A. P. Howells, the church has refrained from holding church suppers, bazars, entertainments and markets for profit, and now with three-fourths of the year gone, the finances are found to be in a most satisfactory condition.

BROOKLYN CHURCH CHICKEN FRY TODAY

Extensive arrangements have been made for the annual chicken fry given by the Ladies Aid of Brooklyn M. E. church. It is expected that there will be a large attendance and such preparations have been made that serving will proceed without tedious waiting. The supper will be an exceptionally good one and the menu will include all the good things usually served on such an occasion.

The president of the Aid Society, Mrs. James Bossarte, will be unable to be present and her place will be filled by Mrs. David Gaskins, the vice president.

The committees in charge of the various items are given below:

Chicken and Gravy—Mrs. Charles Curtis, Mrs. Ed Belzer, Mrs. E. E. Bestall.

Potatoes—Mrs. A. E. Fetter, Mrs. Apple Sauce and Jelly—Mrs. D. B. Gaskins.

NORTHMINSTER RALLY DAY GREAT SUCCESS

Several Hundred Members of Congregation and Friends Enjoyed the Day—Pleasing Program and Plenty to Eat.

Sunday was a big day at Northminster church when the members held their annual Rally Day and Homecoming exercises combined. Friends, not only from Jacksonville but from various cities in the state were present to help celebrate the occasion. Along with the rally day program was held a good old barbeque, but the food and big eats were prepared Saturday evening, supervised by Rev. W. E. Spoon, pastor of the church. Rev. Spoon and several faithful workers worked Saturday afternoon preparing the food, so that little preparations would need be done on Sunday.

A splendid program was carried out all day Sunday and speeches and songs were heard. Every one was ready to declare this year's rally day a great success. People present during the day including friends and relatives, numbered over four hundred.

Sunday morning at the regular church service Rev. "Dad" Sars gave a splendid sermon on the "Seasons of the Year," comparing the seasons to the life of the people. Beautiful anthems were sung by the congregation.

During the program E. M. Vasconcellos spoke. Solos were given by Miss Buelah Tull and were greatly enjoyed. Rev. T. H. Tull spoke on the subject pertaining to young people.

H. H. Bancroft gave a very helpful talk on "Man's Job." After the choir rendered some beautiful music, Mr. Finley spoke on "Our Day." This concluded the list of speakers which made up a pleasing program.

A group of sixteen older ladies were requested to sing some Portuguese songs, which they did and made a great hit with the congregation. "Grandma" Francis Frank also sang a very much enjoyed solo.

Quite a quantity of food was left from dinner to furnish all who wished to stay for supper. The out of town visitors included: Mr. Shoemaker of Farmington; Mrs. E. L. Mendonsa, Springfield; E. M. Vasconcellos, wife and two daughters of Springfield; Mr. and Mrs. E. D. Oliver of Chicago; Mr. and Mrs. Charles Goveia and son of Beardstown; Clarence Smith and family of Franklin; Allen Smith and family of Franklin; Mr. Seagr, son and family of Franklin; Mr. and Mrs. Ted Rutherford of Joy Prairie, and Mr. and Mrs. Smith of Beardstown.

REV. G. E. STICKNEY HEADS MINISTERS

At the regular meeting of the Jacksonville Ministerial Association held Monday morning Rev. George E. Stickney, pastor of the Congregational church, was elected president to succeed Rev. T. H. Tull, who held the office of president last year.

Dr. Thomas Smith of the Westminster Presbyterian church was elected vice president and Rev. G. W. Randle of Brooklyn M. E. church was re-elected secretary. J. S. Findley of the Y. M. C. A. was re-elected treasurer.

The association was addressed by Mrs. Cady of the M. E. board of missions. Mrs. Cady spoke of the great opportunity for missionary work in the Orient and urged that financial support to missions should not be diminished.

S. S. CONVENTION IS HELD AT ZION CHURCH

Enthusiastic Sunday School Precinct Convention Held South of Murrayville Sunday—Officers Elected.

The Murrayville precinct Sunday school convention held at Zion church south of Murrayville Sunday was attended by a large number and an interesting program was presented. Mrs. Austin King, the retiring president, was in the chair.

The devotional services were led by Walter S. Riggs, and then came a talk on "Young People's Work," by Mrs. Sadie Darley. A vocal solo was given by Miss Lottie Riggs, followed by a demonstration of child division work given by Rev. A. E. Powell of Woodson.

An address was made by Dr. E. W. Crum of Waverly, who discussed the "Business Department of the Sunday School." The subject, "A Child in the Midst," was then discussed by Rev. Olin Lee of Manchester, and then came a talk by Fred Schofield, county superintendent, who told how a Sunday school precinct is organized.

The final address of the afternoon was by Rev. H. E. Harnes of Murrayville, who discussed "The Young People in Sunday School."

The election of officers followed the program and resulted in the choice of the following:

President—Verne Baker.

Secretary-Treasurer—Mrs. Ernest Jordan.

Chairman—A. H. Kennedy.

Young People's Work—Mrs. H. E. Harnes.

Adult—J. K. Cunningham.

Brotherhood—J. L. Wyatt.

REAL ESTATE BOARD MET MONDAY NIGHT

Consider Constitution and By-Laws—Will Take Final Vote October 26.

The local real estate board held a called meeting at the Chamber of Commerce last night to consider the report of the committee on the constitution and by-laws. The committee consisting of C. O. Bayha and W. E. Smith, has made extensive investigations into the rules and regulations governing other real estate boards of cities of the state. The report of the committee held closely to the constitution and by-laws now in use in Rockford, Ill. This because it seemed most adaptable thruout the community and further because of the vigorous growth of Rockford and the various improvements that have come to that city thru the action of the local board.

The various phases of the report discussed at length and various recommendations and suggestions were offered. It seemed advisable in view of the importance of the question that the matter be further considered before final action was taken. By unanimous consent the final vote was postponed until the next regular meeting, October 26, at which time it is expected that the constitution and by-laws will be adapted. In this connection it was thought advisable to leave the charter open until next meeting, which will allow members of the local board who are especially anxious to have every one hold a state license, become affiliated with the local board.

To this end the admission fee is being held to three quarters the regular fee until the closing of the charter; after which the full admission fee will be charged. Already some splendid results are being accomplished in the local board. A splendid spirit predominates and an atmosphere of co-operation, such as the promoters, had not even hoped for already is apparent.

It is hoped that the standards of the real estate business may be raised to a higher level, and the general public be better served.

SMALL FIRE SUNDAY EVENING

The fire alarm was sent in from the home of William Lynn, 635 East State street Sunday evening about 6:45. When the fire truck arrived at the scene of fire, the blaze had almost entirely been subdued, with a bucket of water. The blaze started when an oil stove exploded. Only with the perfect presence of mind and the timely aid of a neighbor, probably saved the house from a serious damage. Slight damage was done.

S. W. Nichols Writes Letter from Nebraska

Lincoln, Neb., Sept. 28.
Dear Journal: When I contemplate this city I am reminded of a story. There was a thriving western town located on the banks of a river and a bridge was sorely needed but taxes were already so high the people disliked to vote more bonds but finally a public spirited citizen came forward and gave the necessary means and the bridge was built. A day was named for the formal opening and of course the generous citizen was the chief guest of honor and named for the opening address.

He knew all about cattle, could train bronchos but had never made a speech in public so he had a friend write one for him and he went diligently to work committing it and practicing the delivery.

The auspicious day arrived; a platform was erected and of course the generous citizen occupied a seat of honor. In due season the chairman of the day arose and with many complimentary remarks introduced the gentleman to whom the community owed so much.

The gentleman arose with trembling knees and advanced to the front of the platform and began:

Friends and fellow citizens, but a few short years ago the place on which we stand was part and parcel of a howling wilderness.

And he could recall no more. He coughed and hesitated and then began again.

"Friends and fellow citizens, but a few short years ago the place on which we stand was part and parcel of a howling wilderness."

But his memory refused to function and in desperation he howled, "Friends and fellow citizens, but a few short years ago the place on which we stand was

part and parcel of a howling wilderness and I wish to the Lord it was yet," and he sat down in despair.

When I travel about this beautiful city it seems incredible that within the memory of plenty now living the wild buffaloes were roaming over this territory yet such is the fact. Now it is a wide awake, thriving western city with plenty of pep and go ahead.

I left home Monday morning by the Alton for Kansas City which I reached in due season. All is well again with that road and I was glad to find the service good and clean with nothing to be desired. The trains were on time and all went well. I noticed a good many cars loaded with coal on the sidings as I passed along as was also the case this side of Kansas City.

I decided to break the trip at Kansas City and found across the street from the station a very clean, attractive hotel, the Plaza, with reasonable prices. Next morning I took the C., B. & Q. for this place. I had a through train stopping only at a few places and the ride was very pleasant. All day long I didn't see a hill; all level plain and a perfect roadbed I stood both rides very well and today am in fair condition.

My nephew, Prof. F. W. Sanford, met me at the station and soon we were in his pleasant home, 1704 Pepper ave., I may be pardoned the display of a bit of vanity when I say that he stands very high in this place and is a valued and leading member of faculty of the state university though he is too modest for his own good. He is the author of several books and is now preparing two more for the press. He has an interesting family. His wife, formerly Miss Alice Dalby, is well known in Jacksonville. He has a son, a bright boy of 14, and an interesting little girl of 8. The place is not so large as to preclude sociability among neighbors which is pleasant.

The state has already outgrown its first capital building and workmen are at the interesting job of erecting a new structure. They are digging the foundations and excavating for the edifice which they are to build on the site of the old one. They will build around it and then wreck it and complete the new one.

How well I remember the old state house in our state capital. It was there that the remains of the martyr president lay while thousands passed reverently by to give a last look at the features of the man so beloved and respected. That was a great day in Springfield.

A western city like this has in it many interesting characters. One of these is Dan Swansen, present land commissioner whose duties are by no means a sinecure. His father was a merchant in Sweden and there the boy was reared to young manhood with a good education and moral character. With barely enough money to pay his way across the ocean he left for the land of promise and arrived rather lonely and depressed. He had a sister out here and to her he wanted to go so went to work to earn railroad fare. He was not accustomed to the hard tasks assigned him became sick.

Things did indeed look dark but he wouldn't give up. Recovering he bravely went to work, paid his bills and at least earned enough to get to his sister in the west but his joy was short lived for she soon after died, and he felt indeed alone in the world. He had made some acquaintances and established a reputation for integrity and ability and soon rose to a good position. He married most happily a lady of his own nationality and settled in Fremont, this state, and went into the real estate business.

He was later appointed postmaster and served with zeal and fidelity and made a wide acquaintance. After a time he aspired to the office of land commissioner and is now serving his second or third term and is a candidate for election again and if the people of Nebraska are wise he will be elected. The duties of his office are arduous and call for a great variety of talent. He has to deal with all kinds of people, sometimes with seeming harshness and severity and again with tact and diplomacy. Nebraska has large holdings of school lands and these are his special care and he has all manner of experience. Strange to say, the foreign element, so largely represented in the state, is not so backward in the matter of education as the native tightwads.

Sometimes he will find a tract of school land occupied by squatters and he must oust them or make them pay rent. Sometimes he will find conflicting claimants and matters have to be ironed out. Then people want to buy and he has all manner of temptations to undervalue and divvy but he has never been known to waver a particle in the way of strict integrity.

He was once called to a county where there was all manner of trouble with the school lands. Conflicting claims; squatters and what not and he was compelled to use a big stick in getting things straightened out and supposed he had made lasting enemies in that locality and looked for a small vote in the primary but was surprised when the returns came in to find he had received a fine support there, so much do people value integrity and strict justice and a man who isn't afraid to do his duty.

He has one son who is president of a bank in Neligh, Neb., one in the state engineer's office in this city and one in the U. S. revenue office in Fremont, Neb. S. W. NICHOLS.

BEARDSTOWN BOY SERIOUSLY INJURED

As a result of injuries sustained Sunday evening when he was run over by an automobile, Gilbert Ackerman, the nine year old son of Mr. and Mrs. Albert J. Ackerman of 416 West Sixth street, Beardstown, Ill., is a patient at Our Savior's hospital and is considered in a very serious condition.

The accident occurred when the lad, in getting out of an automobile, was knocked down and run over by a car coming from the other direction. He sustained compound fracture of both legs, his teeth were knocked out, and his body badly bruised and cut.

The boy was brought to Jacksonville at once, accompanied by his parents and Dr. Van Arsdale. The accident occurred Sunday evening and the lad was brought to Our Savior's hospital about 10 o'clock of the same evening.

Mr. and Mrs. Lloyd Brown motored to Godfrey, Ill., on Sunday and spent the day with their daughter, Miss Lynette Mae Brown, who is a student at Monticello Seminary.

Quick oats now—3 to 5 minutes

If you want oats that are almost ready, ask for Instant Quaker Oats.

This style cooks in 3 to 5 minutes. It is the quickest cooking oats in the world.

Just like regular Quaker Oats in that matchless quality. Flaked from queen grains only—just the rich, plump, flavory oats. They have the flavor which has won the world to Quaker.

But in Instant Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And the small thin flakes cook quickly.

Your grocer has both styles. The Instant style is marked "Instant" on the label.

Now beautify teeth in this way
Millions of them—the world over

Careful people, well advised, now use a new teeth-cleaning method—millions of them in every clime, and largely by dental advice.

Beautiful teeth you see everywhere show the results of this method.

It is something you should know. Learn what it means to you and yours. Make this free ten-day test.

Combats the dingy film

It is film that makes teeth dingy—that viscous film you feel. It clings to teeth, enters crevices and stays. Food stains discolor it, then it forms thin cloudy coats. Tartar is based on film.

The ordinary tooth paste does not end film. So most teeth, in the old days, were more or less discolored.

Film also holds food substance which ferments and forms acid. It holds the acid

in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Thus most tooth troubles are now traced to film. Under old methods, they were constantly increasing. The most careful people rarely escaped.

Two combatants now

Dental science, after long research, has found two film combatants. One acts to curdle film, one to remove it. Able authorities have amply proved their efficiency. Now leading dentists the world over are urging their daily use.

A new tooth paste has been created, based on modern research. It brings five effects now considered essential. It avoids several old mistakes.

This tooth paste is called Pepsodent. And those two great film combatants are embodied in it.

Other desired effects

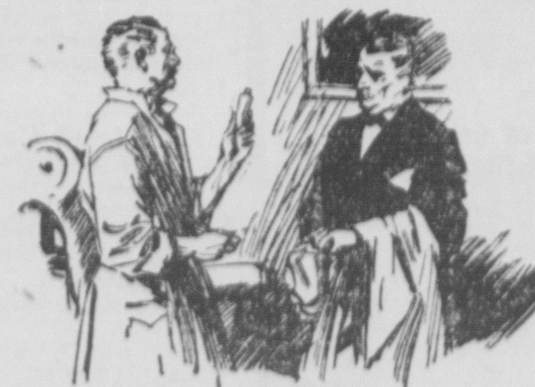

Modern research has found other things essential, and Pepsodent brings those effects.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits on teeth which may otherwise ferment and form acids.

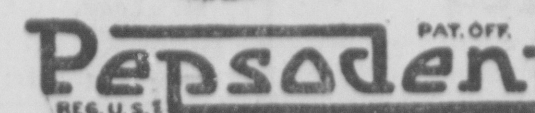

It multiplies the alkalinity of the saliva. That is there to neutralize the acids which cause decay.

Thus Pepsodent gives manifold power to Nature's great tooth-protecting agents. It polishes the teeth so film less easily adheres. Old-time tooth pastes, based on soap and chalk, brought just opposite effects.

In these ways, Pepsodent is bringing a new dental era. Already it has brought to millions whiter, cleaner, safer teeth. The peoples of fifty nations are being taught to use it. And their children will get life-long benefits which your childhood missed.

**Why Men's Teeth Glisten everywhere today**

The film on teeth of men who smoke becomes especially discolored. But note how men's teeth glisten nowadays—men who remove the film. Note how men and women, when they smile, are showing pretty teeth. Those are Pepsodent effects, now attained by millions, largely through dental advice. They do not come by scouring teeth in any harmful way, but by scientific film removal.

Now advised by leading dentists the world over

Washday Worries
Will the weather be good? Will the laundress show up? Will she wash the clothes thoroughly? If she takes it home will it come back as sweet and sanitary as you like?
We relieve you of all these and the thousand other washday worries, if you send us your family bundle. And the restful certainty of having your washing done well, returned on time, costs you less than the other ways.
End washday worries in your home by phoning us.
GRAND LAUNDRY
P. E. Newell Donald Butler
New Owners and Managers

Mr. College Student,
Dear Sir:—
College men, according to our experience, aren't afraid of originality and distinction in clothes—that's why they have styles of their own.
That's also why Society Brand Clothes suit them so well.
We have the styles that are sure to appeal to you—the loosely draped three and four button effects, in plain and sport models.
The rare new and good. Will you drop in and give us the opportunity to demonstrate?
Yours very truly,
Tom Duffner

Market Report
By The Associated Press

SELLING STAMPEDE IN WHEAT MARKET
By Associated Press.
CHICAGO, Oct. 2.—Wheat prices fell today as a result of stoppage of warlike moves at the Dardanelles. The market closed easy, 1c to 1½c net lower, with December \$1.04½ to \$1.04½ and May \$1.07½ to \$1.07½. Corn gained ½c to ¾c, oats finished ½c off to ¾c up and provisions unchanged to 7c higher.
There was a selling stampede in the wheat market as soon as business began news at hand from Constantinople showing an early complete reversal from the threatening outlook Saturday as to peace.
After values had dropped 2c a bushel it became apparent that good sized buying orders were waiting around \$1.04 for the December delivery.
As this was the third time within a week that similar support for the market had unfolded at the same level the rush to sell was soon curbed and a moderate reaction ensued. Through the remainder of the day there was an evident tendency to go slow pending further developments regarding possibilities of war.
Notice that the amount of wheat on ocean passage had increased 800,000 bushels for the week was offset by the fact that the United States visible supply showed but little enlargement and that exporters were bidding 1c a bushel more than on Saturday for wheat at ports on the Gulf of Mexico.
It was reported also from Minneapolis that farmers' deliveries in the northwest were much smaller of late and that demand for wheat at Winnipeg was in proportion to the arrivals.
Bullish estimates of the 1922 yield of corn were chiefly responsible for the strength displayed by corn and oats.
Scarcity of offerings gave an upward slant to the provision market.

GOOD LUCK OLEOMARGARINE
Nourishing!
Jelke GOOD LUCK Margarine is nourishing. The case of little Miss Vander Weit proves this statement true. She is as beautiful and healthy a child as you could find. There are thousands of similar cases, where children as well as adults have thrived on a normal mixed diet that included Jelke GOOD LUCK Margarine. It could not be otherwise, for the main ingredients in GOOD LUCK are full-cream milk and nutritious beef oleo.
Serve Jelke GOOD LUCK on the home table with perfect confidence in its substantial food value.

CAPTAIN, I HEAR YOU'RE PLAYING A BACKFIELD POSITION ON THE TEAM?

YEAH, I'M A DRAWBACK THIS YEAR

FLAPPERS?

Regulating Them Easy--If You Know How, Says College Dean

MISS JEAN HAMILTON

By NEA Service.

ANN ARBOR, Mich., Sept. 28.--As the new dean of women in the University of Michigan, Miss Jean Hamilton finds herself in the position of advisor, mentor and first friend to hundreds of impressionable college girls.

It goes without saying that she has ideas about flappers. One of them is that "must" and "must not" are words that seldom should be utilized by a woman in her position.

"Young people resent the common criticisms of their elders because the elders often have so little sense of the relative importance of things," says she.

"Eyebrow pencils and lipstick aren't moral issues. So why waste ammunition on little rabbits when you might need it later for big game? All too often when elder persons lay down the law for the young women to follow blindly, their laws are based on personal likes and dislikes instead of real moral foundations. If I succeed in getting across to my girls an idea that is four square to the world it is because the idea itself possesses authority rather than I."

Jean Hamilton is good to look at. Her hair is soft and brown. Her eyes are those of a woman who understands the complexities of others. And when her face is lighted by her smile, the beholder instinctively knows that Jean Hamilton is not one of those who have "so little sense of the relative importance of things."

Miss Hamilton was graduated from Vassar in 1900, receiving an M. A., from the same college a year later, after which she became executive secretary of the National League of Girls' club, where she gained training and experience for her new position here.

TEACHERS OF CASS TO HAVE INSTITUTE SOON

Virginia, Oct. 2--Walter E. Buck, Cass county superintendent of schools, announced that the annual Teachers' Institute will be held at the High school in Virginia on Oct. 12, 13 and 14. During those dates the schools throughout the county will be closed. The three-day course includes lectures by men prominent in the educational world.

The instructors for the institute will be George Starr Lasher of the University of Michigan, Charles H. Wollbert of the University of Illinois, and Franklin E. Hathaway of Chicago, who will be in charge of the music. The single addresses will be given by Prof. E. M. Van Petten, superintendent of the Virginia schools, and J. J. Hazen of Beardstown. The institute will be divided into three sections. High school, grade and rural schools with morning and afternoon sessions. Superintendent Buck will be in charge of the institute.

DAVIS SWITCH

Miss Hazel Rives of Scottville spent the week end in Jacksonville as the guest of friends at Academy hall. Miss Rives was a student at Illinois college last year.

Why some people sleep 'Lightly'

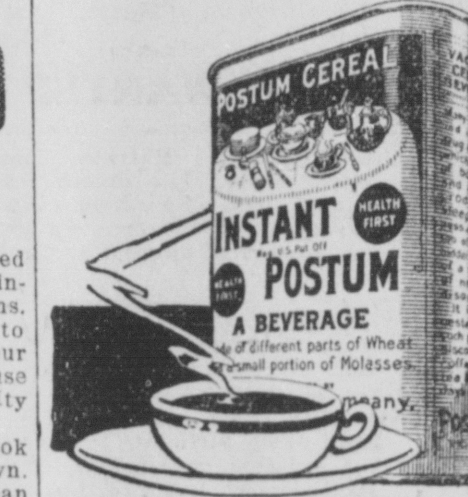

THE PRINCIPAL REASON is irritated nerves, and the common cause of nerve-irritation is coffee and tea drinking. For each cup of coffee or tea contains from one and one-half to three grains of caffeine.

Caffeine has a tendency to agitate the nervous system, when the nerves, normally, should be relaxed. The result is that you fail to get the deep, restful sleep that restores health and vigor.

If you have any idea that coffee or tea is injurious to your health, drink delicious Postum, instead. Postum is the pure cereal beverage that helps the nervous system, by permitting you to get sound, revitalizing sleep.

Serve this fragrant, mealtime beverage. You and the family will be surprised and pleased with its delicious, coffee-like flavor. And better health is worth while.

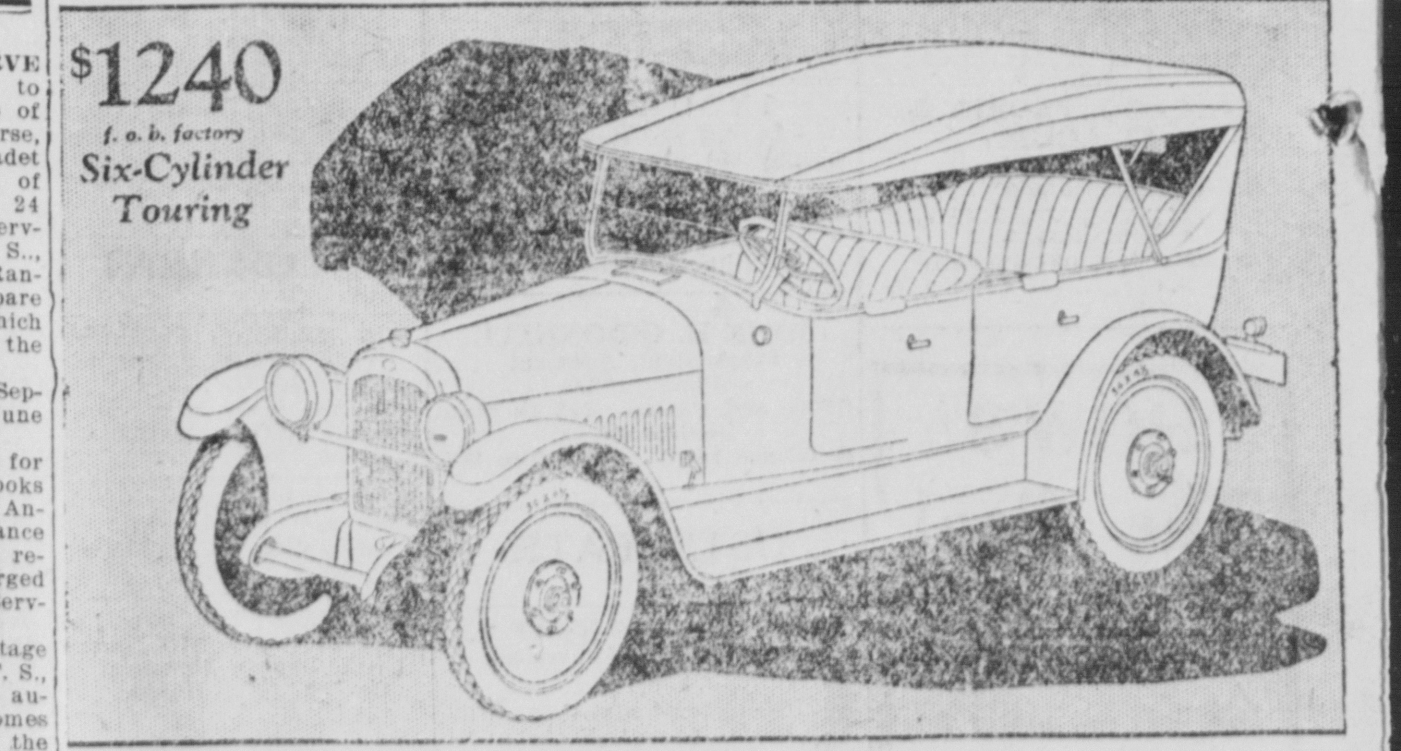

Postum comes in two forms--Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages, for those who prefer to make the drink while the meal is being prepared) made by boiling fully twenty minutes.

NASH
Five Disc Wheels and Nash Self-Mounting Carrier \$25 additional

Just Arrived! The Newly Improved Nash
Come and See It

It's here on our floor now. You'll find it a finer Nash and a more wonderful value than ever before.

Drop in on your way to town, or during the day, or phone us for a demonstration.

We want you to see the new touches here and there in design and equipment that, coupled with the greatly reduced price, make the Nash today's outstanding automobile buy.

Observe the new-type ventilator now introduced into the cowl.

And there's a big, husky bar across the front of the side members of the chassis that gives greater rigidity to the frame.

Beautiful disc wheels add a fresh distinction to the car's outward charm.

Note the oil kipp equipment. Just give them a push and oil is forced into the steering knuckles and steering tie rod.

There's a device--exclusive to Nash--that permits you quickly to focus the new barrel headlights to any angle you like.

And there's a new steering mechanism to see. And other important features that will repay your visit.

Come in, and come prepared to make the down payment. For the car will "sell" you itself.
